Executive Board Motions that are Part of the Block

Block Voting is a voting procedure by which several proposed actions are grouped together to be voted on in a single motion. Those recommendations are included in a “block” and shall be voted on as a group. A member may request to remove or add proposed recommendations to or from the block. Each proposed recommendation pulled out of the block shall be voted on individually.

The proposed recommendations that fall into one of the following two categories will be voted upon in a block as they either involve minor substantive changes or are plausible:

1. Chapter Calendar Changes: Changing or Removing Activities/Events
2. Chapter Calendar Changes: Replacing or Adding NEW Activities/Events

Block One – Category 1
